

**REMARKS**

The drawings were objected to by the Draftsperson for three reasons, all of which have been dealt with below.

The drawings were objected to because Figures 1-11 exhibited poor line quality. Figures 1-11 have been amended to improve line quality of all elements.

The drawings were also objected to because Figures 2B-11 contained solid black shading. Figures 2B-11 have been amended so that no Figures contain solid black shading.

The drawings were also objected to because Figures 10 and 11 included views that were not labeled separately or properly. Figures 10 and 11 have been amended to include Figures 10A-10C and 11A-11C, so that all views are now labeled separately and properly. Further, as suggested by the Examiner, the Brief Description of the Drawings in the specification has been amended to reflect the aforementioned change.

In light of the aforementioned amendments, Applicant respectfully submits that the application is now in condition for allowance.
